

# ICS Cage

INTELLIGENT CONTROLLED SPACES™

Shown with optional custom wraps.

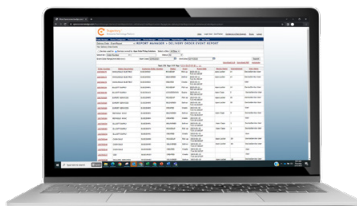

## Expandable order pickup cage for large or bulky orders

The ICS Cage lets you provide self-serve pickup for ecommerce and will call customers whenever it suits their schedule. You can now add extension panels to customize your solution to fit your space and product mix. You'll reduce lines at the service counter and keep employees more productive.

### NEW Optional extension kits

Add unlimited 3-foot and/or 5-foot extension kits to create more depth for longer products or packages. One 5-foot extension kit pictured above.

### Tap into real-time data and insights

Apex Trajectory™ software offers real-time visibility of employee and customer activity, utilization data and more, at one location or across your enterprise. Integrate with your ERP, CRM, POS, messaging platforms, or other systems for optimal visibility.

## FEATURES

### » Secure order holding with self-serve access

Heavy-duty black cage panels and yellow posts keep orders secure but open quickly for employees and customers.

### » Kiosk provides access by scanner or keypad

Each kiosk controls up to four secure ICS Cages.

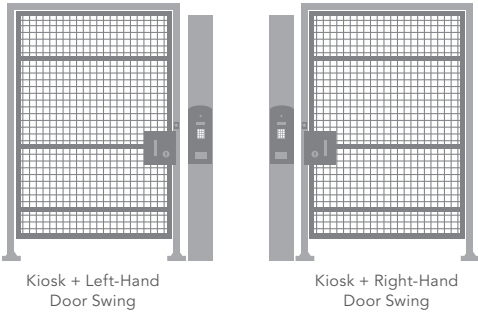

### » Door hinge options to suit your space

Doors open to left or right for easy access in any space.
