NextUp™
SMART PICKUP CAGE

apex

Requires a NextUp Main Locker for operation. Shown with optional custom branded locker wrap and cage tarps.

Secure, 24/7 pickup for oversized orders

NextUp indoor/outdoor cages let you offer secure, anytime pickup for oversized and palleted orders, while you optimize order fulfillment and labor efficiency. Their powerful ApexIQ™ software and simple APIs offer easy integrations to existing software to provide seamless data insights and complete your digital order chain of custody.

- Provides fast, frictionless pickup for oversized orders.

- Enables after-hours pickups without added labor.

- Optimizes labor and reduces lines at the service desk.

- ApexIQ software provides actionable insights for continuous improvement.

FEATURES

» **Scalable and modular design**
Increase cage size with 3- or 5-foot extension kits and connect up to 6 cages to increase capacity.

» **Door swing options**
Choose left or right hinges to ensure required clearance.

» **Optional roof kit**
Sturdy galvanized roof panels shield cage items from sun and weather.

» **Requires a NextUp Smart Pickup Locker**
One Main Locker controls up to 6 cages and adds capacity for smaller items.

ApexIQ Software

Scalable, enterprise-grade ApexIQ software enables shorter dwell times and optimal utilization

ApexIQ easily integrates with your ERP, POS, SNS and mobile app. It provides data visibility at a single location or across your enterprise, for optimal efficiency and a seamless customer experience. And it helps create a digital chain of custody for every order.

Enhanced order fulfillment processes

- Notifications are sent by your brand or third-party service
- Customer-defined dwell times for proactive lockdown and reclaim

API integrations for seamless experiences

- Flexible integration with customer systems and processes
- Enables end-to-end digital order chain of custody
- Real-time order status updates
- Enhanced scalability and deployment options

Temporary Offline Failover

- Ensures seamless customer pickup during brief losses of internet connection
- Transactions execute locally then synchronize with paired cloud instance when internet connection is restored
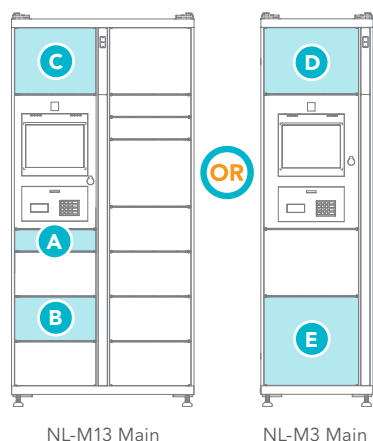

Big data analytics and insights

- Data and visibility across your enterprise
- Insights into order completion time, dwell time, order pickup time, and more
- Helps verify courier service metrics

Create your ideal NextUp cage system

1 START WITH A MAIN LOCKER
Lockers include required touchscreen and keypad.

### 2 ADD UP TO SIX 5x5 CAGES*
Right- or left-hand swing doors available.

3 ADD DEPTH WITH EXTENSION KITS**
Optional 3' and 5' kits available.

NextUp Locker Specifications
» CLICK HERE

Cage Material/Finish
- Cage: Electrocoating (KTL) with black powder topcoat to prevent corrosion. (Tested to ISO/DIN12944.)
- Roof Panels: Galvanized aluminum in premium matte black.

Operating Specifications
- Ambient operating temperature range: -4° F/-20° C to 140° F /60° C
- Ambient Operating humidity range: 10 to 90% condensing

Location Guidelines
- Cages are rated for both indoor and outdoor use. Roof or stuctural covering recommended for outdoor use.
- Cages must be level and anchored to concrete.

- Power and network outlets must be accessible without moving the equipment.
- Door clearance required: 5'/1524 mm

Internet Guidelines
- An internet connection is required. Broadband wired connection is preferred, or cellular router.
- 1 Main locker can operate one cage system on a single internet line.
- NextUp systems continue to operate for pick ups during brief internet outages using Temporary Offline Failover.

Main Locker Material/Finish
- Anti-corrosive powder-coated galvannealed sheet/electro-static powder coat.

Main Locker Electrical
- 120 VAC, 60 Hz / 230 VAC, 50 Hz
- 300 Watts
- Operates 1 Main locker, up to 6 cages, and up to 3 Satellite lockers on a single power supply.
- Ethernet connection is required.
- Main locker ships with 6'/1882 mm power cord.
- Power input is three conductor, single phase.
- Cables for Europe, the UK, and Australia available upon request.
